La PIZZA

We still make our pizzas the old-fashioned way. Fresh dough, hand tossed, every pizza made to order, then baked in an old stone deck oven with intense heat. In fact, the Saucy Noodle pizza ovens were the only kitchen equipment to survive our fire on April 1, 2000. I guess they're just used to being around extreme heat.

Be sure to try our specialty pizzas. The "Chevre-Lait" with red peppers and kalmatta olives is one of my favorites!
